**Wrinkles
Around the Eyes**
Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

Brotherhood of Ministers Organized. Other Proceedings.

Correspondence Telegram.

Liberty, N. C. Nov. 25—Yesterday an organization was effected to be called "The Brotherhood of Ministers of the North Carolina Conference of the Methodist Protestant church," with thirty-eight ministers and six laymen as charter members. Each ministerial member is assessed an initiation fee of fifty cents. The surviving ministerial members are assessed three dollars and each lay member is assessed one dollar on the death of a ministerial member.

The officers of the Brotherhood are: President, Rev. W. A. Bunch; Vice-president, Rev. C. L. Whitaker; Secretary and treasurer, J. Norman Wills.

The evening session was devoted to two addresses. Rev. J. F. McCulloch spoke on Finance. Rev. J. S. Williams spoke on Literature.

Thirty dollars was raised for the Oxford Orphanage.

Today Rev. J. C. Barrien made a strong address on ministerial education.

The personality of the minister is important in church work. Also wise, devout, loyal leadership. He should be competent, worthy, well prepared by being given the best advantages. All educated men are self made, though they have the best of advantage. They make themselves of their environment. The process of the so-called self education is too slow. While one so-called self-made man succeeds, a score fail.

A goodly number of young preachers were in school at Western Maryland college, Westminster Seminary, Kansas City University, Westminster college in Texas and our Seminary in Illinois. 280 men have been aided by the board in thirty years. \$69,000.00 has been loaned within 15 years, the beneficiaries have paid back to the board \$14,000.

Our seminaries and colleges are not factories to make preachers. 75 per cent of the young men helped by the board have been fully successful. Our church has saved at least 500 years of active service by helping the young men hasten in their preparation. God has a purpose in blessing the Methodist Protestant church with a life so vigorous.

The church extension board held its annual meeting. A free will offering of one hundred dollars was made to aid in carrying on the work of the board.

Rev. Hugh L. Elderidge, president of the Westminster Theological Seminary, came today.

WRECK ON THE SOUTHERN.

Caused By The Train Breaking Loose. Thirty-Six Hogs Killed.

Between one and two o'clock last night a wreck which resulted fatally for thirty-six hogs, occurred about one mile north of the station on the Southern road. An incoming fast freight train from the north came uncoupled near the middle and soon afterward came together with a crash that completely demolished two cars and shattered the end of a third. The engineer did not notice when his train came uncoupled, but kept ahead until he began to slack up, before coming into the railroad yard. The loose cars came dashing madly down the grade and crashed into the first part of the train just outside the city.

The rear of the front part was an empty flat car; the front of the rear part, a cattle car, provided with two floors and loaded with two hundred and ten fine hogs. Thirty-six hogs were killed in the wreck, while the remainder were scattered to the four winds, some of them more or less hurt. How any of them escaped seems wonderful for in the crash the stock car was completely shattered and the flat car hurled on top of it. Freight agent Coffin had the greater number of the hogs driven to the Southern's stock pen, near the depot and fed, while those that were killed and not too badly bruised were carried to the station and sold. The track was cleared so that there was little delay to the early train this morning.

Another Beauty.

The calendar for next year, gotten out by McClamroch Brothers, the bustling mantle, grate and tile dealers, is a model of artistic beauty. One of them now adorns the wall of our sanctum, and a glance at it is sufficient to turn the mind from worry and vexatious things, to the lovely, charming and beautiful.

A slight shock of an earthquake was felt here yesterday afternoon about 3 o'clock. This morning we had a slight sprinkle of snow.

The carpenters are about through their work on the postoffice. They have made a wonderful improvement on the inside, enlarging the room, giving more light, two more sections of lock boxes and putting the general delivery window where it can be found much easier.

McLeod Bros. who have since they started their business on the corner of Mangum avenue and Russell street, handled more groceries than any dealer in this place compared with the amount of capital invested, are now enlarging their store.

Rev. J. O. Alderman has tendered his resignation as pastor of the Baptist church, to take effect Jan. 1, 1899.

W. C. Strother, who went to Norfolk a few days since to join the navy with C. J. Fields, has joined the regular army and "Nance" succeeded in getting in the navy yard. He is now at home expecting to be called to Norfolk at any time. He brought with him a shell said to have been found on the Maria Teresa. It is a Hotchkiss one-pound rapid fire shell.

Mr. Phillip Hayes is out again, we are glad to state, after several weeks' confinement with typhoid fever.

CAPT. JAS. DOWD DEAD.

The Father of Mrs. Dr. T. N. Ivey, of this City—A Good Man Gone.

A message received by Rev. Dr. Ivey early this morning announced the serious illness of Capt. James C. Dowd, of Charlotte, with apoplexy. A little later the trembling wires brought the sad message: "Captain Dowd is dead." He was the father of Mrs. Ivey and of Editor W. C. Dowd, of the Charlotte News, of Mr. Frank Dowd, a prominent merchant of Charlotte. There are also several other children.

Capt Dowd was a native of Moore county, and when a young man he married Miss Henrietta Rives, daughter of the late Col. Jas. F. Rives, of Chatham county. They raised a large family of bright, intelligent children, who are honoring the names of their worthy ancestors and father and mother by living upright and useful lives.

A few years ago Capt. Dowd's beloved wife was removed by death, and only a few months ago he was married again. He was about sixty years of age. Capt. Dowd was a brother of the late Maj. Clem Dowd, who so beautifully wrote the life of his friend and companion for years, Senator Zeb B. Vance.

We extend heartfelt sympathy to the sadly bereft sons and daughters, and to the large family connections of the deceased. Dr. and Mrs. Ivey will leave on the evening train for Charlotte to attend the funeral obsequies.

GOVERNOR OF TENNESSEE

Says North Carolina Situation Helped Out in His State.

BUSINESS GREATLY IMPROVED

Mr. McMillan Thinks It Will Be Many Years Before Republicans Rally in The South.

Special to THE TELEGRAM.

Washington, Nov. 26—Governor-elect Benton McMillan, of Tennessee, is in Washington for the purpose of attending to some business incident to the closing of his official duties as a Representative in Congress. Mr. McMillan was seen yesterday at the Hotel La Normandie where he is stopping, and stated that he expected to be here for only a few days. The Governor-elect in speaking of political affairs said that he thought the prospects for the democracy in the south and in the country are excellent. The recent elections have proved, he says, that the democratic party when united are in a majority on a popular vote of the country. In Tennessee the democratic party is thoroughly united and in favor of white supremacy, and the governor asserts that it will be a long time before the republicans will become a strong factor in political campaigns there as they have been in the past campaigns. The sympathies of the state are naturally with the people of North Carolina, and the mismanagement of affairs by the republican party in that state had a large influence in increasing the democratic in Tennessee. Mr. McMillan says that after the experience North Carolina has had with republican supremacy, he does not think that the white voters of his state will be very anxious to try the experiment, especially in the near future.

In speaking of business throughout the south, the governor said that it has improved somewhat in Tennessee within the past few months. In spite of the low price of cotton prevailing, which has had some effect on the farmers of the state, prices for other agricultural commodities, in general, are good, and the farmers are in a comparatively prosperous condition. Governor McMillan will remain in the city for a few days before returning to his home. Yesterday he spent most of the day visiting the various executive departments in the interest of his constituents.

It is stated that Adjutant J. H. Anderson, of the First South Carolina Regiment, Volunteers, has been selected for the post of collector for the port of San Juan, Porto Rico, and has been given until the first of January to decide upon whether he will accept or not. At the war and navy departments, and at the white house, nothing could be learned about the report, but it is not believed, as at present no provision has been made for such an office, and could not be made without congressional legislation. Legislation affecting the government of none of the new dependencies is expected at the coming session of congress, unless the situation should change as to make it desirable that the question should be brought up at once.

Mr. William R. Trigg, of Richmond, Virginia, who has just received a contract to build a number of torpedo boats and torpedo boat destroyers, arrived in the city yesterday afternoon and later went to the navy department to confer with the officials about the work. Mr. Connally T. Trigg, a brother of William R. Trigg, who has been here for several days in the interest of the firm, is still here, and went to the department with the latter.

At the navy department the officials very generally discredit the reports which have been in circulation that the great shipbuilding firms of the country have formed a combination to advance the prices for the construction of naval vessels, in case the department concludes to construct the larger vessels. At the department one of the officials stated yesterday that there is no reason for such a combination on the part of the shipbuilding firms to raise the prices, and to do so would be folly on their part.

Mr. George O. Gaylord, and wife, of Wilmington, N. C., were in the city yesterday. Mr. Gaylord says that matters in Wilmington are quiet, and that the new government has the confidence of the people of the city. They are stopping at the Metropolitan.

A. F. Page and wife, of North Carolina, are also at the Metropolitan for a few days. Postmasters have been appointed in North Carolina as follows: W. S. Watkins, Campbell, Stokes county, vice H. C. Lackey, removed; George R. Rawlins, Dallas, Gaston county, vice Nettie S. Moore, removed; Thomas L. Archer, Ralston, Guilford county, vice C. A. Whitworth, resigned; John H. Caldwell, Walter, Wayne county, vice N. B. Talton, resigned.

BIDS TO BE EXPLAINED.

Accepted or Rejected Next Friday Night.

The board of aldermen met last night, with Mayor Taylor in the chair. Absent, Ellington and Merritt.

The street committee reported against the petition of citizens for cartway into the lumber district in South Greensboro. Report was adopted.

Summit Avenue committee reported in favor of giving Caesar Cone \$150 for land taken in widening Chestnut street. Report was not adopted.

Jos. J. Stone filed his resignation, as chief of the Fire Department. Referred to firemen's committee.

Caesar Cone having refused to select an arbitrator, to represent him in the matter of taking his land for the widening of Chestnut street, on motion of Alderman Bogart, B. E. Sergeant was selected to represent said Cone.

The bids of C. C. Howell, the Maryland Manufacturing and Construction Company, and the Greensboro Gas and Electric Light Company, were opened. Alderman Shaw moved that all the bids filed, be referred to the special committee heretofore appointed and that said committee report on next Friday night. Motion carried.

The application of C. C. Shoffner for permission to apply to the county commissioners for license to sell liquor by retail in Jones & Taylor's new building, came up for action. Permission was granted.

Alderman Bogart moved that the bids for lighting the streets be published in the daily papers next Thursday night.

The board adjourned to meet next Friday night.

LIGHTS, CARS, ETC., AGAIN.

At the meeting of the board of aldermen last night, in addition to the bids of the two companies already before the board, the Knoxville company put in a bid which, in short, is as follows: To furnish 80 arc lights at \$75.00 each for eight years; to put in power for manufacturing at a given rate, 10 cents per thousand watts; an incandescent lighting system at 15 cents per thousand watts, which is claimed to be equal to gas at \$1.50 per thousand cubic feet; to build an electric street railway, work to begin in twelve months from acceptance of contract. Two miles of the road is to be complete and in operation twelve months from commencement of the work, and one and one-half more miles to be complete and in operation twelve months later, cars to be run on a schedule not longer than twenty minutes apart, fare to be placed at 5 cents. For the faithful performance of this contract, the Knoxville company gives a \$5,000 bond.

That looks and sounds like business. The other companies filed their bids, as heretofore printed, with the privilege of amending after seeing the bid of the Knoxville company. One difference in this bid and that of the Maryland Manufacturing and Construction Company, is that the city is not bound to contract for lights in excess of eight at any time during the life of the contract. It further promises a reduction in commercial lights, a feature which will appeal to every business man in the city.

The power for manufacturing is perhaps, the biggest item. It will mean more than can be estimated. We give these hurried notes now and will have more to say later. This is sufficient to get the people to thinking.

We are indebted to the publisher, Mr. J. H. Ennis, of Raleigh, for a copy of Turner's N. C. Almanac for 1899, an old and valuable publication. A reliable state almanac, astronomically calculated for the state, and which gives all of our state officers, members of the legislature, judges, solicitors and members of congress elected in 1898, institutions, all of our courts, a record of the important events of the state during the past year, deaths of prominent and aged citizens, farm, household and medical receipts for home use, with much miscellaneous matter, is a need in every family, and by all business men for reference during the coming year, and no publication is so full, complete and reliable as this Old Standard State Almanac. Be sure you get one and hang it up by your fireside. The price is only 10 cents. To be had of merchants and postmasters throughout the state, and James H. Ennis, Raleigh, N. C.

There is now a sensational rumor afloat to the effect that Virginia will not play our University football team again because, it is said, North Carolina played a professional in the championship game on Thanksgiving day. Well, well! That is a puny squeal on the part of Virginia, after six or seven successive victories. Since Nov. 8th 1898, we regard all North Carolina as a professional in anything she wishes to undertake.

For the last few days we have been compelled, on account of interesting local and state matters, to leave out much of our telegraphic news. We have endeavored, however, to select the best of it for publication.

We do not know a town anywhere that is growing so rapidly as Greensboro. Elm street is fast becoming one of the handsomest streets in North Carolina, and the buildings in course of erection are of the most modern style. In all sections of the city new residences are building, and houses are in great demand. The next census will show a tremendous increase in its population.—Charity and Children.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and \$1.00.

A SENSATIONAL REPORT.

Stated that Virginia Will Not Play
With Carolina Again.

Richmond, Va., Nov. 25.—A sensa-
tion was sprung here this afternoon in
football circles by the report that Vir-
ginia and North Carolina would not
again play for the Southern cham-
pionship, Virginia charging that on
yesterday North Carolina played a
professional in the person of Kochler.
Captain Rodgers, of the Carolina
team, denies this and says that he can
prove that Collier, of the Virginia
team, has played in professional teams.
A special from the University of Vir-
ginia says that Virginia, before yes-
terday's game, notified North Carolina
that if Kochler was played all future
athletic relations would be broken off.
No reply was made and Kochler was
played. Since then, however, there
has been no meeting of the Virginia
Athletic Association, and no action
has been taken. It is held by some
that the admissions of Virginia in
writing as to the game of Thursday
bar any action regarding Kochler,
even if it shall be shown that he is a
professional.

I am very pleased to state that
since I took the agency of Chamber-
lain's medicines the sale has been very
large, more especially of the Cough
Remedy. In two years I have sold
more of this particular remedy than of
all other makes for the previous five
years. As to its efficacy, I have been
informed by scores of persons of the
good result they have received from it,
and know its value from the use of it
in my own household. It is so pleas-
ant to take that we have to place the
bottle beyond the reach of the children.

The Boy and His Cap.

"I can't find my cap anywhere," is a
sentence more or less familiar in the
household, that being what the boy says,
looking for his cap, when he wants to
go out to play. Early in the search he
enlists his mother, and that may make
a serious business of it. She has to drop
her dusting or whatever household work
she may be engaged in, and the search
may take a long time.

"Where did you put it when you
came in?" is a question sure to be asked
sooner or later, but all the boy can an-
swer is:

"I don't know."
And then the search goes on every-
where, over and under, in all sorts of
places, all at a great loss of time, if not
of temper. It is found at last, as most
things are in time, and in some simple,
easy place, which makes the finding of
it all the more exasperating.

The boy takes it and goes out to play
and straightway forgets all about it;
but it may take quite a little time to
restore the normal calm in the house.
It is a mystery how the boy manages
to lose his cap as often as he does, but
it appears to be a boy's way, and com-
mon to almost all. —New York Sun.

English Suburban Homes.

In the United States you are far
ahead of England in respect to new
suburban homes. Whatever may be the
faults of the imitations of Richardson
—America's greatest architect—or even
of the queer gabled and verandahed vil-
las which for some inscrutable reason
are named after the good Queen Anne,
there is something picturesque about
most of these buildings—if it is only
the usually good sky line. But the mod-
ern suburban homes in England are
monotonously ugly. As a rule they are
run up in rows by some speculative
builder who is his own architect. —Mon-
tague Marks in Art Amateur.

Pathetic Scene.

The minstrel man lay dying. He
called his eldest son to his bedside and
said:

"My boy, I cannot leave you any
money; I have spent that as fast as I
made it. But you shall inherit the
hairloom that I received from my fa-
ther. It will make you a living; it
made his and it made mine."

Then, laying in the hand of the
young man the worn and stained joke
book, he breathed his last. —Indian-
apolis Journal.

No Rest.

A comedy scene followed the third
act of a tragedy at a theater in an En-
glish provincial town. The villain had
met his death, and the curtain was low-
ered, but hung suspended three feet
above the stage. All efforts to lower it
proved unavailing until the corpse arose
from the stage, and said, in sepulchral
tones, as he dragged down the curtain,
"No rest, even in the g-r-r-ave!" —
London Fun.

A Bad Break.

"That forist is singularly inept."

"How so?"

"When Pleader, the lawyer, died, his
friends ordered something appropriate
sent, and the doll sent a floral lyre." —
Philadelphia North American.

A Sure Sign of Croup.

Hoarseness in a child that is subject
to croup is a sure indication of the ap-
proach of the disease. If Chamber-

after the croupy cough has appeared,
it will prevent the attack. Many moth-

The first snow of the season fell here this morning. The fall was slight, not being noticeable on the ground. Indications are that it will be followed tonight by a snow storm.

Tom Rice's pantry was robbed last night, and the thief carried off a pretty big load for one person, but Mr. Rice is inclined to believe that it was a party of them as 80 pounds of lard, several pounds of meat, some sugar, and in fact a little of most everything contained therein, was stolen.

Mr. George T. Wright, of Knoxville, Tenn., has accepted a position with Odell Hardware Company. We welcome Mr. Wright to Greensboro. And here is a pointer for those who are building houses for rent. Mr. Wright has been looking for a dwelling for two weeks and is unable, as yet, to find one.

Here are a few of the reasons why "Swain's Solid Serviceable" line of children's shoes is a "model" line. 1st. The shoe is made of solid leather throughout, and of good quality, by experienced workmen. 2d. It is sewed with carefully selected, durable thread which should give to the wearer satisfactory service. 3d. Every part of the shoe is strongly reinforced. 4th. It is a model in fit, style and wearing qualities. These excellent shoes are sold and highly recommended by Thacker & Brockmann.

A Sad Death.

The Telegram is pained to learn of the death of Marshall Bryan, which occurred at his home in Jonesboro, yesterday morning. He was about 17 years old, and the son of Capt. D. O. Bryan, one of the most prosperous and best known farmers of that section. The young man had been sick for some time, but it was thought he was out of danger, but he suddenly grew worse, and death came about 7 o'clock Friday morning. Marshall was a young man of high intellectual faculties; a modest Christian, and loved by all who knew him; looked upon as an example by his companions. He was a very dear friend of the writer, having been his desk-mate in school for many months, and the news of his death was received with extreme sadness. We deeply sympathize with the bereaved family, for his death leaves a vacancy in their home, that never can be filled.

Barrett-Tucker.

On the 14th of December, John W. Tucker, of this city, will be married to Miss Hattie Barrett, one of the most popular and highly accomplished young ladies of Matthews, N. C. The ceremony will be performed at 6:30 p. m., in the Presbyterian church, of which Miss Barrett is organist. Mr. Tucker is travelling salesman for a Baltimore Crockery house, and is one of the most popular and successful men on the road. The Telegram offers congratulations in advance to both parties.

The Quake Yesterday.

An earthquake was felt perceptibly here yesterday afternoon at 3 o'clock. The shock was of course more noticeable in crockery stores, and our dealers report a general rattling in their places of business. Reports from different sections of North Carolina and Virginia indicate that the tremor was very general throughout both states. The shock lasted only a moment.

The Social Standing

of most men is much higher than the sum of their income. To such men it must be good news to learn that they do not have to pinch themselves in order that they may pay the extravagant tailor's bills. We sell perfectly fitting clothes for business, semi-dress or full dress occasions of unquestionable style and superb qualities at prices which permit the saving of almost half tailor's bills. Our best clothes are made by the famous New York tailors. Messrs. Peckham, Fishel & Co., whose label on every garment is a guarantee that the clothes are equal to "custom made" in every particular. Therefore, whether it is a sack suit, a cutaway or a Prince Albert frock, a pair of trousers, a top coat or an overcoat that you need, do yourself the justice to at least see our offerings—and then go to your tailor if you like—but you won't.
